

Anti-glare Sheet is for suppressing reflections caused by ambient light.

- This sheet is a disposal sheet with matte processing on both sides to suppress reflections from ambient light.
- This sheet also prevents the screen from getting dirty.
- This sheet does not interfere in any way with the touch panel's normal touch operation.

Package contents: Anti-glare Sheet x 5 sheets

Notes

- Display unit is not designed for outdoor use. Using this sheet does not change this recommendation nor is it a guarantee that the display unit can be used outdoors.
- Touch may not be detected if water gets between the screen and sheet.
- In operating environments with high temperatures and high levels of humidity, Newton rings may form on the sheet.
- This sheet is not designed to protect against sharp or hard objects.
- When scratches form on the surface of this sheet, the effectiveness of its performance is reduced. Please replace the sheet with a new one.
- When dirt and smudges on the sheet begin to reduce the screen's visibility, please replace the sheet with a new one. We recommend replacing this sheet once a year.
- When disposing of this sheet, be sure to do so according to your country's standards for industrial waste disposal.

NOTICE

DAMAGE OF THE SCREEN

Do not use a sharp object (such as the tip of a mechanical pencil or a screwdriver) or hard object to attach or remove the sheet.

Failure to follow these instructions can result in equipment damage.

Specifications/Characteristics

Sheet material : Polyester film

Chemical resistance level	Protects against	Hexane, kerosene, engine oil, diesel oil, lubrication oil, glycerine, acetone, acetic anhydride, benzene
	Does not protect against	Ammonia, sulfur dioxide, potassium hydroxide, caustic soda, nitro benzene

How to Attach

1	Clean the screen thoroughly with a soft cloth (use either water or a neutral detergent to remove tougher stains).	
2	Remove the sheet's protective film.	
3	Peel off the backing sheet slightly to expose the sheet's adhesive surface.	
4	Start at the top of the screen, slowly attach the sheet while peeling off the backing sheet.
